

Donald C. Joseph Resigns As Recreation Director Monday After Brief Tractor Dispute

The Gettysburg Recreation association, almost on the eve of the opening of its spring and summer program, today was without a director.

Donald C. Joseph, 25 Chambersburg street, recreation director here since June, 1950, resigned his position at a meeting of the board of directors of the association Monday night, and the resignation was accepted. The meeting was held in the law offices of Swope, Brown and Swope.

DONALD C. JOSEPH

Attorney Richard A. Brown, president of the board, said the resignation became effective immediately.

The action came with dramatic suddenness. The board had discussed the weekly youth dances in the cafeteria of the high school, and had approved the expenditure of \$1,100 for a "juke box" to provide music for the dancing.

Hear Joseph's Report
The board then proceeded to receive Joseph's report, verbally, on recreation activities and suggestions for the coming summer's activities.

In discussing work at the recreation park, Joseph said a tractor was a badly needed piece of equipment. Previous arrangements through which mowing had been done at various times with borrowed equipment, with an old automobile and, Joseph said, with his own car, had not proved satisfactory.

President Brown named Directors John D. Teeter, Richard S. Codori and Daniel J. Wolff as a committee to investigate. Joseph then threw his bombshell: "If I don't have a tractor by April 3 or 4 I'll resign."

No Dissenting Vote
President Brown accepted the ultimatum with these words: "Well, why don't you resign now?"

Joseph replied: "All right, I will." He was excused from the meeting, and after he had left the room, President Brown said: "I'll entertain a motion that we accept Mr. Joseph's resignation." The motion was made, seconded and adopted without a dissenting vote.

Joseph had indicated that he felt that if the recreation association could spend \$1,100 for a "juke box," it could purchase a tractor for work at the recreation park.

Those present at Monday night's meeting were: Attorney Brown, who presided; John D. Teeter, Glenn L. Bream, Mrs. Sydney J. Poppay, Mrs. Henrietta Blocher and George D. March. Absent members of the board are Daniel J. Wolff, Richard S. Codori and William (Johnny) Knox.

Joseph's salary was \$2,200 per year. He succeeded Paul B. Whitmoyer, Gettysburg's first recreation director. The question of obtaining a new recreation director was discussed briefly and referred to a committee composed of Mrs. Poppay, chairman, Mr. Wolff and Mr. March.

3 Years In Army
Joseph, whose home was in York before coming to Gettysburg nearly two years ago, is a graduate of the University of Maryland. He spent three years in the army during World War II. On August 25 last year he married Miss Ruth M. Mundis, of York, commercial teacher at the high school here.

Donald W. McSherry, general chairman of the Gettysburg fire department's anniversary celebration committee, appeared before the board to request use of the recreation park for the firemen's carnival to be held July 1 through July 5. The request was granted.

Mr. Joseph reported that 1,039 teen-agers had attended the five youth dances Mrs. Poppay, Mr. Wolff and Mr. Joseph were complimented by Mr. Brown for the success of the affairs.

Mr. Joseph recommended that baseball be dropped this summer and the funds previously used be made available for midget and intermediate baseball. The matter was referred to a committee composed of Mr. Bream, Mr. Teeter and Mr. March.

The recreation director announced plans for a girls and boys bowling tournament, to be held at the Gettysburg News and Sporting Goods alleys on Chambersburg street April 1 and 2. The board approved \$20 for expenses. Joseph said the management of the latter will provide prizes.

No action was taken on a request from the Model Airplane club for a contribution to assist it in holding model airplane meets here this summer.

CALLED TO BRUSH FIRE
Firemen were called at 12:30 o'clock this afternoon to extinguish a small brush fire on the farm of Harry Gilbert, Gettysburg R. 3, three-quarters of a mile south of the Lincoln highway a short distance west of the country club.

EISENHOWER IS MADE HONORARY ROTARY MEMBER

Gen. Dwight D. Eisenhower has accepted an honorary membership in the Gettysburg Rotary club, Dr. Frederick Tilberg, secretary of the local club, announced at its meeting in the YWCA Monday evening.

The local club sent General Eisenhower a letter in February "stemming from a desire to extend the spirit of good will and a warm welcome upon your return here, whenever it may be, the Gettysburg Rotary club would like to grant to you at this time honorary membership in the club."

A letter dated March 8 from "Allied Powers Europe, Office of the Supreme Commander," Lt. Col. Robert L. Schulz, aide to General Eisenhower, stated, "Your letter to General Eisenhower has been forwarded here and it arrived just before his departure on a trip to Greece and Turkey. The rush of last minute preparations for the trip did not permit him an opportunity to reply personally; however, he asked me to acknowledge for him."

Makes Exception To Rule
"Of course, the General appreciates your thoughtfulness in writing and he is grateful for your offer of membership in the Gettysburg Rotary club. In the past, he has found it inadvisable to accept membership in any organization in which he is unable to participate actively. Because of the close ties between General Eisenhower and your community, he feels that he should make an exception to this long-standing policy. He has directed me, consequently, to thank you and to accept in his behalf."

Col. Charles Fulton, professor of air military science and tactics at Gettysburg college, was the speaker at Monday's session. At present 187 colleges have air ROTC units, producing 11,000 second lieutenants per year, he said. Present plans call for the enrollment to be increased to produce 27,500 reserve commissioned officers each year.

May Use Airport
To produce that many, approximately 65,000 will be needed each year as freshman students in the air ROTC. Colonel Fulton said. At present students at Gettysburg college are studying for air and administrative duties, with the majority in the latter portion of the studies. There is a possibility, he added, that next year the students

REPRESENTATIVE OF U.N. TALKS AT HIGH SCHOOL

All of the news during the next 25 years will have to be determined in the light of two figures—one and a half billion people of color and 153,000,000 residents of the United States," Dr. Kurt D. Singer, author and newspaperman from New York, told the Gettysburg high school student body this morning.

Speaking at a regular assembly program in the school auditorium, Doctor Singer observed: "There are 1,500,000,000 people in the world who are poverty stricken and illiterate. They live in Asia and Africa. For years they have lived off the crumbs of the white man's table. Today they have nothing but 25 years from now they will be literate and they will be industrialized."

"The big question is whether they

Here And There News Collected At Random

A New York Times correspondent conducted a nationwide survey of America's public school system. In a recent issue of Successful Farming he presents a report of his findings. Here are some excerpts:

"Our rural schools are still in deplorable condition. Nationwide, three and one-half million farm children are getting a second-rate education. That's one out of every four! Some of the worst school conditions in the United States are found right in the heart of the rich, Midwest farm states."

"On my tour I spoke to hundreds of teachers, parents, school officials and to children themselves. I saw firsthand how America is cheating its rural school pupils. And the story is not a pretty one."

"With few exceptions, the rural schools are still the stepchildren of America's huge educational system. In almost every respect, city children get a better academic break. The urban teacher averages four years of college training, the rural teacher averages two. The city teacher gets an annual average salary of \$3,300; the rural teacher must settle for \$2,200."

"Of the 80,000 emergency, substandard teachers in the nation's classrooms, 65,000 are found in rural schools. We spend (Continued on Page 7)

MARTHA HEIM IS DOUBLE WINNER OF ESSAY PRIZES

Miss Martha L. Heim, a senior at Gettysburg high school, and daughter of Dr. Ralph D. Heim, professor at the Gettysburg Lutheran Theological seminary, won first prize in the annual American Legion essay contest conducted in the high schools of the county.

She will receive the \$20 first prize for her essay on "United for Freedom" and will also receive a four year senatorial scholarship good at any one of four state-supported colleges, Pennsylvania State college, the University of Pennsylvania, Temple, and the University of Pittsburgh.

She qualified for the scholarship by placing first in a college entrance examination given the 12 students who won school events and whose essays were entered in the county American Legion essay event.

Other Winners

The test was given at Gettysburg college by Edgar Eddins, head of the bureau of tests and measurements at the college.

Miss Heim's score on the tests was four points higher than those of William E. Bucklew, son of Mr. and Mrs. Maxwell Bucklew, and Suzanne Schmitt, daughter of Mr. and Mrs. Jay Schmitt, who were tied for second place. Mr. Bucklew and Miss Schmitt are also senior students at Gettysburg high school. Fourth place in the college entrance examination went to Lucy Baugher, Biglerville.

The essays were judged by the English department of Gettysburg college, with Dr. George S. Warthen chairman of the committee of judges. Miss Heim won the \$20 first place award, Shirley Ann O'Brien, Delone Catholic high school, won the second prize of \$15, third prize of \$10 went to Lucy Baugher, Biglerville, and fourth place, \$5, was (Continued on Page 2)

DAIRYMEN TO MEET MAR. 28 ON DHIA WORK

Plans for reorganization of the Adams County Dairy Herd Improvement association with two and possibly three circuits in operation were outlined Monday evening at a meeting of the board of directors of the organization at the court house here.

President Joseph Stoner announced that a county-wide dairyman's meeting will be held March 28 at the court house to determine how many farmers wish the service again. The number wishing to join will determine how many circuits will go into effect April 1.

The county now has three qualified milk testers who completed courses March 13 at State College. The three, Owen Mehring, Hanover R. 3, Ira Lanebaugh and his sister, Faith Lanebaugh, both of Fairfield R. D., were at Monday's meeting.

Advantages Cited

At present only part of one circuit is being operated. Another circuit established last fall has not been in operation since September because of illness of the tester.

Twenty herds will be needed for each circuit and so far about 38 dairy farmers have shown interest in the service.

The greatest advantage of the testing program, the directors said, lies in the fact that the farmer knows exactly how much milk each cow is producing. These figures permit better herds records and provide information for use in selling the cattle later.

Red Negotiators Set Up Two More Barriers To Block U.N. Efforts To End War In Korea

Seoul, Korea, March 18 (AP)—Allied guns routed 1,000 Chinese Reds who tried to punch through U.N. lines on the western front before dawn today.

A U.S. Eighth Army staff officer said the scattered attacks along a four-mile sector northwest of Korangpo failed to dent the Allied line. The area was the scene of bitter fighting last December and January.

Allied warplanes prowled North Korean skies but heavy clouds scattered many Communist ground targets. Fighter-bombers blasted 57 net holes in the wobbly Red rail system before noon. Other attacks were mounted against the Communist front lines.

Geese Let Off Alarms
A flock of giant snow geese set off air raid sirens in Seoul early Tuesday morning.

At 2:30 a.m. radar observers reported "unidentified targets" sweeping in from the sea off Inchon at about 85 miles an hour.

Interceptor pilots saw nothing, but radar plotted the flight directly overhead. As the "targets" swept back toward Inchon, anti-aircraft guns prepared to open fire.

Then huge searchlights outlined the geese and the "raid" was over. The western front battle began at 7:50 p.m. Monday (5:30 a.m. EST) with a light Communist probe. At 1:25 a.m. Tuesday a series of company-sized attacks began.

All were kicked back, and the firing ended at 4:30 a.m.

DONATIONS FOR ORGAN FUND UP TO \$1,514.60

Twelve more voluntary donations to the AME Zion church Organ Fund raised total contributions to \$1,514.60 this morning, although the goal was oversubscribed over the week-end, and announced on Monday.

The new organ will be purchased and delivered to the local church for use at Easter Sunday morning's worship service.

Because the donations have been so generous those in charge of the drive have decided, after a conference with the pastor, Rev. J. O. Fountain, to build a small platform upon which to place the new organ. Local music directors suggested this improvement.

Also, the interior of the church will be repainted before Easter. All of these things are being done in the name of the many persons, church groups and others who donated to the fund.

New Donations

Today's donors include the following:

A friend, Gettysburg, \$15; Herbert W. "Shep" Roger, Emmitsburg, a friend, Gettysburg, and "The Spirit of Gettysburg," each \$10; boiler room employees of the C. H. Musselman company, Biglerville, \$7.37; anonymous, Charles L. Gentzler, East Berlin, Hershey's Men's Store, Attorney and Mrs. Donald M. Swope, anonymous, Gettysburg, and Robert L. Enry, Templeton, Pa., each \$5; Ruth McIlhenny, \$2.

The \$3 donation for Trinity Bender's Reformed church, Biglerville, announced on Monday was paid by N. Blanche Deatrick, Biglerville.

Mr. and Mrs. David Clapsaddle donated to the fund and not Mr. and Mrs. Daniel Clapsaddle.

The Gettysburg National bank's donation was previously reported under the name of Charles W. Ogden.

Dean Of Princeton To Speak At Dinner

Dr. Hugh S. Taylor, dean of the graduate school, Princeton university, will be the speaker at the March meeting of the southeastern Pennsylvania section of the American Chemical society at Dickinson college, Carlisle, March 20. He will speak on "Catalytic Research, Modern Trends." Dinner at 6:30 o'clock will precede his address.

During World War II Dr. Taylor acted as liaison officer between Canadian and American science, was director of a research project on "heavy water" and an associate director of the SAM Laboratories at Columbia university. He is the author of numerous textbooks on catalysis and physical chemistry.

TO ADDRESS BANKERS

William H. Hurtzman, vice president and comptroller of the First National Bank of Philadelphia, will be the speaker Wednesday evening at a meeting of the Adams County Bankers association to be held at the Adams house, Chambersburg street, at 6:30 o'clock. His topic will be "Bank Defalcations."

Munsan, Korea, March 18 (AP)—Communist negotiators proposed four changes today in truce-time ports of entry into Korea and said they could not answer seven Allied questions about exchanging prisoners.

The United Nations command rejected the proposed port changes and said it would wait for the Reds to figure out the prisoner answers.

Brig. Gen. William P. Nuckolls, U.N. command spokesman, said he did not believe the port of entry problem would take long to solve. He seemed optimistic over the prisoner situation, said the Reds appeared to be really "studying the questions."

Change Entry Ports

Communist staff officers tried to exchange two of the five entry ports the Allies had proposed for each side.

They balked at Poryngang, North Korean capital, as an entry point. They wanted to substitute Sinanju, about midway between Poryngang and the Manchurian border. On the east coast they wanted to replace Hamhung with its port city of Hungnam.

The Reds tried to remove Seoul from the Allied list and substitute its port, Incheon. They also objected to Taegu, an aerial entry spot in southeast Korea. Instead they proposed Suwon, another air center situated on a rail and highway junction. But it is in west Korea, about 20 miles south of Seoul.

Allied staff officers argued that Seoul and Incheon should be considered a single port of entry in the armistice agreement. They also tried to get Pusan and Masan identified as a single port. Pusan, in southeast Korea, is the major U.N. seaport in Korea. Masan is another port 30 miles to the west.

Reds File Objection

The Reds objected to both ideas. The Allies said the Communists were attempting to unduly restrict movement of neutral inspection teams which are to supervise men and supplies coming into Korea during an armistice.

Tuesday's two-hour and 18-minute session did bring Communist agreement on the three other ports the U.N. nominated for each side.

In North Korea these are Simufu and Mampojin on the Yalu river boundary with Manchuria; and Chongjin, on the east coast about 70 miles from Soviet Russia, in South Korea; Kangnung in the east, Kusan in the west, and Pusan.

The committee session on exchanging prisoners lasted only 22 minutes. Chinese Col. Tsai Chengwen said the Communists did not feel ready to answer seven questions the U.N. asked Monday. The answers are expected to clarify an earlier Red proposal that negotiations proceed on the basis of prisoner lists already exchanged.

ARENDTSTVILLE EXCEEDS QUOTA FOR RED CROSS

Red Cross officials of Adams county today were complimenting volunteer solicitors in the Arendtsville district after tabulations of funds collected to date show the area to be 3 1/2 percent over the quota. Officials pointed out this morning that returns have not been completed and that they expect this figure to be even greater when the final accounting is recorded for Arendtsville.

Running a close second in the county drive for funds is the Fairfield district with 91 percent of its goal already in the hands of Red Cross officials in Gettysburg. Local representatives are certain the Fairfield district will make at least 100 percent of the quota set for it before the next report is made.

Gettysburg Figures

Only one district, Abbottstown, has not yet made a report. In the Gettysburg area, clubs, businesses and industries have contributed 757 percent of their goal. Gettysburg residential contributors have given 57.1 percent.

Third highest district is Bendersville with a total percentage to date of 75.8 and with reports still incomplete. New Oxford is fifth with 74.5 percent.

Paul E. Zeger, planning committee chairman, asked again today that team captains and volunteer solicitors turn over their funds as quickly as possible so that daily tabulations can be made at headquarters. (Continued on Page 2)

FOX BITE CASE GOES TO COURT

Norristown, Pa., March 18 (P)—The question of whether a 9-year-old girl, bitten on the leg by an apparently rabid fox, can be forced to submit to anti-rabies injections against the will of her parents comes from the Montgomery county juvenile court today.

Mr. and Mrs. Wayne Holmes have been ordered to appear before Judge E. Arnold Forrest after being charged with neglect of their daughter, Gwendolyn.

The girl was placed under the custody of Juvenile Detention Center authorities yesterday when White Marsh Township police reported her parents refused to allow Chestnut Hospital attendants to administer the Pasteur treatment for rabies.

Assistant District Attorney Nicholas Larzelere said the girl and her mother had been attacked by a fox near their home five days ago. Shortly afterwards a fox was killed in the area and proved to be rabid. A hospital spokesman reported

Mrs. Holmes told an intern who was preparing to give the anti-rabies vaccine, "I don't believe in that sort of thing and I'll take my child to any other state to escape that."

Larzelere said that both Judge Forrest and Police Chief Edgar Mitchell visited the Holmeses in an attempt to get them to allow the child to have the treatment. They were "rebuffed," he added. The Holmeses have told authorities they do not think it necessary for their daughter to receive the treatment because the fox's teeth did not puncture her skin.

"Two-bit Fire" Costs Hundreds Of Dollars

Indianapolis, March 18 (P)—Twelve-year-old Thaddeus Starks lost a quarter in his bedroom Monday, and his search for it cost his father several hundred dollars.

The boy lit a candle to aid in his search. His bed caught fire. Firemen confined the blaze to the room, but the father, Floyd A. Starks, said the damage amounted to several hundred dollars. The quarter is still missing.

The Rev. Mr. Sheely asked that he be excused as the speaker for the annual classis confirmation rally on Sunday, April 20, 7:30 p.m. at Zwingli church in East Berlin. Expect Postponement Of Steel Strike

Washington, March 18 (P)—Most of the steel industry appeared today to be betting that a steel strike threatened for midnight Sunday will be postponed.

U. S. Steel Corp., the largest producer, had expressed intention of starting to shut-down its ferromanganese operations today. But the corporation apparently reversed that stand and held off a formal shut-down announcement, saying a decision has not been reached.

Of all the large steel companies only Jones & Laughlin had any definite close down plans. J. & L. headquarters at Pittsburgh said it would start closing tomorrow because "we can't take chances."

Steelmakers must empty their furnaces of molten metal and let them cool well in advance of any walkout to avoid costly damage to steelwork.

Thursday is the day the Wage Stabilization Board (WSB) is expected to make public its recommendations for settling the steel labor dispute.

Two Killed In Leaps From Burning Plane

Dallas, March 18 (P)—A navy marine pilot ordered 20 servicemen out of a burning transport yesterday, then stuck with the plane until it passed over a residential area in southeast Dallas.

Two of the men were killed in parachute accidents. A third was missing. None of the others suffered injuries. The known dead were identified as Lt. Cmdr. Lewis Joseph Gaffield Downey, Cal. 1, and Marine Capt. Carl L. Ducter of Cherry Point, N. C. The navy planned a search party today to look for the missing man.

The blazing two-engine RF-4 Phantom II crashed and exploded into thousands of pieces of junk. It hit in an open field about one-fourth of a mile from a residential area.

The left engine burned itself out of the plane and smashed into a field about two miles from the crash.

Returns To Burning Home For Shoes; Dies

Moona-hie, N. J., March 18 (P)—A 14-year-old boy raced back into his flaming home to get his shoes yesterday and was burned to death. His 14-year-old grandmother Mrs. Sarah Cheders, had led the boy, Thomas Cheders, and his three step-brothers out of the burning building.

But they remembered his shoes. Thomas said he was going back to recover them. Mrs. Cheders later told police.

The boy was trapped by flames everywhere said he ran to the second floor stood at a window and screamed, "I'm burning. I'm burning." Bystanders told him to jump but he remained at the window until he was enveloped by flames.

An overheated coal stove apparently caused the blaze, fire officials said.

To Release Fifth Of 28th Division Soon

Washington, March 18 (P)—The Department of Defense plans to release in April about one-fifth of the enlisted men called to active duty with the 28th National Guard Division (Pa.) in September, 1950.

The Defense Department announced yesterday that an additional one-fifth will be sent home each month after that until all the original group are out of uniform.

It originally was planned to release all men after 24 months active duty but the army feels the effectiveness of the division—now in Europe—would have been endangered.

As a result, a plan was set up to release the men in smaller groups with the first release affecting men in their 20th month of active duty. Most of the officers, the army said, will have to serve the full 24 months and will not be affected by the release plan for enlisted men.

freshments. Every parent, all members of the faculties and every interesting person is urged to attend as this organization will benefit every individual in the community. A competent group of girls have volunteered their services and will be glad to look after small children while the parents attend the meeting.

Mass was not held this morning and will not be held Tuesday morning in St. Aloysius Catholic church. Today, St. Patrick's Day, was a holiday for the pupils of the parochial school. St. Patrick is the patron saint of the Harrisburg diocese. Wednesday will be the Feast of St. Joseph and the intention of the mass will be for the temporal welfare of the members of the parish. Masses on Wednesday, Thursday, Friday and Saturday mornings will be at 8 o'clock. Holy Communion will be distributed outside of mass at 7 a.m. Mid-week Lenten devotions will be held Wednesday evening at 7:30 o'clock. At the Sunday morning masses in St. Aloysius church, the Rev. Fr. Edward J. Shanahan read a pastoral letter announcing that the annual collection for the Bishop's Relief fund will be received next Sunday, Laetare Sunday.

Visitation Day will be held at the Littlestown grade school on Tuesday from 8:35 a.m. to 3:25 p.m. Parents and friends of the elementary school children are invited to visit the classrooms and experience a typical school day; thus no special entertainment has been arranged.

Ruth Bucher will be in charge of the lesson discussion at the monthly meeting of the Girls' Guild of St. Paul's Lutheran church on Tuesday evening at 7:30 o'clock at the church.

The members of the Littlestown Men's Chorus wish to extend their thanks and appreciation to all those who responded with votes for the chorus following their recent appearance on the television show "Reward for Talent" from Baltimore. Local citizens showed their interest in the chorus by sending in a large number of postal cards voting in favor of the group.

The final rehearsal in preparation for the chorus engagement at Jack-sonville EUB church, Walnut Bottom, will be held on Thursday evening at 9 o'clock at St. Paul's Lutheran church. The group will sing at the Evangelical and United Brethren church on Sunday evening, leaving town from St. Paul's church at 6 o'clock.

On Sunday, April 20, the chorus will present a concert at the Shippenburg State Teachers' college in the newly built chapel there. The program is being sponsored by the college Inter-Faith association of which James Motter, formerly of Littlestown and a third year student at the school, is the vice president. Mr. Motter, a former member of the Men's chorus, will participate in several choral selections.

The Men's Chorus has been invited to take part in a choral festival at Mt. St. Mary's college, Emmitsburg, on Thursday, May 1, 8:30 p.m., in the college gymnasium. Many Glee clubs or choral groups from colleges in this area will appear on the program. The chorus will be the only non-collegiate organization participating.

Approximately 20 members of Littlestown Boy Scout Troop No. 84, accompanied by Scoutmaster Edgar A. Wolfe, Assistant Scoutmaster Edward B. Geiman and Troop committee member L. D. Snyder, participated in a rock and mineral hike on Sunday. The scouts left town about 1:15 p.m. and returned by dusk. The hike took place at the Pigeon hills and transportation there was provided by Scoutmaster Wolfe, Mr. Snyder and W. E. Stites. Merle Kessler, scoutmaster from Hanover, was the guide. The group hiked about five miles and brought home some samples of their findings.

The weekly troop meeting will be held on Wednesday evening at 7:30 o'clock in the basement of the Littlestown State bank building. Movies of last year's scouting activities and some older ones will be shown. A second class hike is scheduled for this coming Sunday afternoon. The group will hike about five miles with Dean Sell, a member of Senior Post No. 84, as the leader.

One Cat Ties Up Lehigh Railroad

Pittston, Pa., March 17 (AP) — A cat tied up the Lehigh Valley railroad yards here yesterday until a boy armed with a shotgun killed him.

A New York passenger and freight train and a fast freight could not move out of the yards while the 15-pound, frothing cat was on the loose.

The cat came charging out of the brush at two car inspectors, Benjamin Thomas and Herbert Parkinson. Both men ran to a nearby shanty, locked the door and telephoned John Donovan, yardmaster. Donovan called the police. But in the meantime the cat ran all over the yard, sending railroad workers for shelter. When police arrived they were afraid to use their pistols because of the possibility of ricocheting bullets.

Finally the cat darted under the diesel heading for New York. It stayed there until the youth, George Bambringer, dashed up with his gun and shot the animal.

FATHER AND TWO CHILDREN BURN

Johnstown, Pa., March 17 (AP) — A pre-dawn fire burned to death two young children and their father after they were overcome by smoke in bed.

The victims were Thomas Wherry, 37, of Johnstown; Marlene Wherry, seven, and Charles, three. The mother and wife, Mrs. Lily Wherry, 30, another of the couple's children and a young relative escaped.

Mrs. Wherry woke up about 5 a.m. yesterday to find the family's two-story frame home enveloped in flames. She groped her way to her husband but was unable to rouse him or her daughter, Marlene. Then the woman awakened Charles, James, 19, and the visitor, Shirley Mae Livingston, her 14-year-old sister.

The woman and three children made their way downstairs where Mrs. Wherry broke a window facing the burning sunporch to reach the telephone. While she was giving the alarm, three-year-old Charles broke away and hid. Flames grew his mother, James and the girl out of the house. The little boy's body was found later under a bed. The mother suffered a deep cut on the arm from jagged glass.

Firemen said the fire started from an overheated kitchen stove. The house was a total loss.

Washington, March 17 (AP) — Pennsylvania's two Republican senators split in voting last week on President Truman's reorganization plan for the Internal Revenue Bureau. Sen. James Duff voted in favor and Senator Edward Martin was opposed to the plan which was passed 53-37.

Bethlehem, Pa., March 17 (AP) — Lehigh university is to be the site for the annual officials clinic of the Eastern Collegiate Wrestling Coaches association this November.

FATHER AND TWO CHILDREN BURN

Johnstown, Pa., March 17 (AP) — A pre-dawn fire burned to death two young children and their father after they were overcome by smoke in bed.

The victims were Thomas Wherry, 37, of Johnstown; Marlene Wherry, seven, and Charles, three. The mother and wife, Mrs. Lily Wherry, 30, another of the couple's children and a young relative escaped.

Mrs. Wherry woke up about 5 a.m. yesterday to find the family's two-story frame home enveloped in flames. She groped her way to her husband but was unable to rouse him or her daughter, Marlene. Then the woman awakened Charles, James, 19, and the visitor, Shirley Mae Livingston, her 14-year-old sister.

The woman and three children made their way downstairs where Mrs. Wherry broke a window facing the burning sunporch to reach the telephone. While she was giving the alarm, three-year-old Charles broke away and hid. Flames grew his mother, James and the girl out of the house. The little boy's body was found later under a bed. The mother suffered a deep cut on the arm from jagged glass.

Firemen said the fire started from an overheated kitchen stove. The house was a total loss.

Bungling In D. C. Is Assailed By Martin

Washington, March 17 (AP) — Sen. Edward Martin (R-Pa.) says a sharp increase of unemployment in Pennsylvania and a resultant 24 percent upswing in state relief during the last month is due largely to "bungling, inefficient planning down here in Washington."

In a radio speech last night Martin said the unemployment stems from government red tape in switching to defense production while materials are tied up in priority allocations and in its neglect of established unionized industry in awarding government contracts to "John-come-lately non-union plants in the south."

"In recent weeks," Martin declared, "shirt and underwear factories have closed down in Altoona, Shippensburg, York, Quakertown and Richlandtown. The various companies involved, the clothing workers union and the officials of the towns which suffer from the closings all asked the armed services for contracts."

"This administration and its predecessors have done a great deal to encourage unionizing of labor in the north. The unions naturally have fought to push up wages for their members."

AIR STEWARDESS SLAYS HER BOSS

St. Louis, March 17 (AP) — An attractive, 20-year-old air line stewardess told police she fatally shot a company official during a quarrel yesterday after he accused her of dating other men.

Lawrence E. Keil, 43, married and father of two children, was found in a parked automobile, wounded six times. He died a short time later.

Police Chief Browne Hairgrove of suburban Overland said the Ozark Air Lines stewardess, Betty Lou Tracy, signed a statement admitting she shot Keil with his own gun.

"I fired the gun until it would not fire any more," the chief quoted the petite, green-eyed, brown-haired girl as saying.

Keil had been superintendent of stations for Ozark Air Lines since March 1. Before that he was regional traffic manager at Memphis, Tenn. Mrs. Marjorie Keil, 26, the widow, told newsmen she met Keil in Chicago when both worked for another air line (American). They had two girls, 2 years and 10 months old. She said Keil had been married previously and had a 16-year-old daughter.

Mrs. Keil said her husband hired

Donald C. Joseph Resigns As Recreation Director Monday After Brief Tractor Dispute

The Gettysburg Recreation association, almost on the eve of the opening of its spring and summer program, today was without a director.

Donald C. Joseph, 25 Chambersburg street, recreation director here since June, 1950, resigned his position at a meeting of the board of directors of the association Monday night, and the resignation was accepted. The meeting was held in the law offices of Swope, Brown and Swope.

Attorney Richard A. Brown, president of the board, said the resignation became effective immediately.

The action came with dramatic suddenness. The board had discussed the weekly youth dances in the cafeteria of the high school, and had approved the expenditure of \$1.00 for a "juke box" to provide music for the dancing.

Hear Joseph's Report

The board then proceeded to receive Joseph's report, verbally, on recreation activities and suggestions for the coming summer's activities.

In discussing work at the recreation park, Joseph said a tractor was a badly needed piece of equipment. Previous arrangements through which moving had been done at various times with borrowed equipment, with an old automobile and, Joseph said, with his own car, had not proved satisfactory.

President Brown named Directors John D. Teeter, Richard S. Codori and Daniel J. Wolf as a committee to investigate. Joseph then threw his bombshell: "If I don't have a tractor by April 3 or 4 I'll resign."

No Dissenting Vote

President Brown accepted the ultimatum with these words: "Well, why don't you resign now?"

Joseph replied: "All right, I will." He was excused from the meeting, and after he had left the room, President Brown said: "I'll entertain a motion that we accept Mr. Joseph's resignation." The motion was made, seconded and adopted without a dissenting vote.

Joseph had indicated that he felt that if the recreation association could spend \$1,100 for a "juke box," it could purchase a tractor for work at the recreation park.

Those present at Monday night's meeting were: Attorney Brown, who presided; John D. Teeter, Glenn L. Bream, Mrs. Sydney J. Poppay, Mrs. Henrietta Blocher and George D. March. Absent members of the board are Daniel J. Wolf, Richard S. Codori and William (Johnny) Knox.

Joseph's salary was \$3,200 per year. He succeeded Paul B. Whitmoyer, Gettysburg's first recreation director. The question of obtaining a new recreation director was discussed briefly and referred to a committee composed of Mrs. Poppay, chairman, Mr. Wolf and Mr. March.

3 Years In Army

Joseph, whose home was in York before coming to Gettysburg nearly two years ago, is a graduate of the University of Maryland. He spent three years in the army during World War II. On August 25 last year he married Miss Ruth M. Mundis, of York, commercial teacher at the high school here.

Donald W. McSherry, general chairman of the Gettysburg fire department's anniversary celebration committee, appeared before the board to request use of the recreation park for the firemen's carnival to be held July 1 through July 5. The request was granted.

Mr. Joseph reported that 1,039 teen-agers had attended the five youth dances. Mrs. Poppay, Mr. Wolf and Mr. Joseph were complimented by Mr. Brown for the success of the affairs.

Mr. Joseph recommended that baseball be dropped this summer and the funds previously used be made available for midget and intermediate baseball. The matter was referred to a committee composed of Mr. Bream, Mr. Teeter and Mr. March.

The recreation director announced plans for a girls and boys bowling tournament, to be held at the Gettysburg News and Sporting Goods alleys on Chambersburg street April 1 and 2. The board approved \$20 for expenses. Joseph said the management of the latter will provide prizes.

No action was taken on a request from the Model Airplane club for a contribution to assist in holding model airplane meets here this summer.

Called To Brush Fire

Firemen were called at 12:30 o'clock this afternoon to extinguish a small brush fire on the farm of Harry Gilbert, Gettysburg R. 3, three-quarters of a mile south of the Lincoln highway a short distance west of the country club.

Plans for the forthcoming opening of the Gettysburg Country club and golf tournaments, stag parties, dances and other activities during the season will be formulated at two meetings this evening at the club house.

EISENHOWER IS MADE HONORARY ROTARY MEMBER

Gen. Dwight D. Eisenhower has accepted an honorary membership in the Gettysburg Rotary club, Dr. Frederick Tilberg, secretary of the local club, announced at its meeting in the YWCA Monday evening.

The local club sent General Eisenhower a letter in February "stemming from a desire to extend the spirit of good will and a warm welcome upon your return here, whenever it may be, the Gettysburg Rotary club would like to grant to you at this time honorary membership in the club."

A letter dated March 8 from "Allied Powers Europe, Office of the Supreme Commander," Lt. Col. Robert L. Schultz, aide to General Eisenhower, stated: "Your letter to General Eisenhower has been forwarded here and it arrived just before his departure on a trip to Greece and Turkey. The rush of last minute preparations for the trip did not permit him an opportunity to reply personally; however, he asked me to acknowledge for him."

Makes Exception To Rule
"Of course, the General appreciates your thoughtfulness in writing and he is grateful for your offer of membership in the Gettysburg Rotary club. In the past, he has found it inadvisable to accept membership in any organization in which he is unable to participate actively. Because of the close ties between General Eisenhower and your community, he feels that he should make an exception to this long-standing policy. He has directed me, consequently, to thank you and to accept in his behalf."

Col. Charles Fulton, professor of air military science and tactics at Gettysburg college, was the speaker at Monday's session. At present 187 colleges have air ROTC units, producing 11,000 second lieutenants per year, he said. Present plans call for the enrollment to be increased to produce 27,500 reserve commissioned officers each year.

May Use Airport
To produce that many, approximately 65,000 will be needed each year as freshman students in the air ROTC, Colonel Fulton said. At present, students at Gettysburg college are studying for air and administrative duties, with the majority in the latter portion of the studies. There is a possibility, he added, that next year the students

REPRESENTATIVE OF U.N. TALKS AT HIGH SCHOOL

All of the news during the next 25 years will have to be determined in the light of two figures—"one and a half billion people of color and 153,000,000 residents of the United States," Dr. Kurt D. Singer, author and newspaperman from New York, told the Gettysburg high school student body this morning.

Speaking at a regular assembly program in the school auditorium, Doctor Singer observed: "There are 1,500,000,000 people in the world who are poverty stricken and illiterate. They live in Asia and Africa. For years they have lived off the crumbs of the white man's table. Today they have nothing but 25 years from now they will be literate and they will be industrialized."

"The big question is whether they (Continued on Page 2)

Here And There News Collected At Random

A New York Times correspondent conducted a nationwide survey of America's public school system. In a recent issue of Successful Farming he presents a report of his findings. Here are some excerpts:

"Our rural schools are still in deplorable condition. Nationwide, three and one-half million farm children are getting a second-rate education. That's one out of every four! Some of the worst school conditions in the United States are found right in the heart of the rich, Midwest farm states."

"On my tour, I spoke to hundreds of teachers, parents, school officials and to children themselves. I saw firsthand how America is cheating its rural school pupils. And the story is not a pretty one."

"With few exceptions, the rural schools are still the stepchildren of America's huge educational system. In almost every respect, city children get a better academic break. The urban teacher averages four years of college training, the rural teacher averages two. The city teacher gets an annual average salary of \$3,300; the rural teacher must settle for \$2,200."

"Of the 80,000 emergency, substandard teachers in the nation's classrooms, 65,000 are found in rural schools. We spend (Continued on Page 7)

DAIRYMEN TO MEET MAR. 28 ON DHIA WORK

Plans for reorganization of the Adams County Dairy Herd Improvement association with two and possibly three circuits in operation were outlined Monday evening at a meeting of the board of directors of the organization at the court house here.

President Joseph Stoner announced that a county-wide dairymen's meeting will be held March 28 at the court house to determine how many farmers wish the service again. The number wishing to join will determine how many circuits will go into effect April 1.

The county now has three qualified milk testers who completed courses March 13 at State College. The three, Owen Mehling, Hanover R. 3; Ira Linebaugh and his sister, Faith Linebaugh, both of Fairfield R. D., were at Monday's meeting.

Advantages Cited

At present only part of one circuit is being operated. Another circuit established last fall has not been in operation since September because of illness of the tester.

Twenty herds will be needed for each circuit and so far about 38 dairy farmers have shown interest in the service.

The greatest advantage of the testing program, the directors said, lies in the fact that the farmer knows exactly how much milk each cow is producing. Those figures permit better herds records and provide information for use in selling the cattle later.

Red Negotiators Set Up Two More Barriers To Block U.N. Efforts To End War In Korea

Seoul, Korea, March 18 (P)—Allied guns routed 1,000 Chinese Reds who tried to punch through U.N. lines on the western front before dawn today.

A U.S. Eighth Army staff officer said the scattered attacks along a four-mile sector northwest of Korumpo failed to dent the Allied line. The area was the scene of bitter fighting last December and January.

Allied warplanes prowled North Korean skies but heavy clouds sheltered many Communist ground targets. Fighter-bombers blasted 57 new holes in the wobbly Red rail system before noon. Other attacks were mounted against the Communist front lines.

Geese Let Off Alarms
A flock of giant snow geese set off air raid sirens in Seoul early Tuesday morning.

At 2:30 a.m. radar observers reported "unidentified targets" sweeping in from the sea off Inchon at about 85 miles an hour.

Interceptor pilots saw nothing, but radar plotted the flight directly overhead. As the "targets" swept back toward Inchon, anti-aircraft guns prepared to open fire.

Then huge searchlights outlined the geese and the "raid" was over.

The western front battle began at 7:50 p.m. Monday (5:30 a.m., EST) with a light Communist probe. At 1:25 a.m. Tuesday a series of company-sized attacks began.

All were kicked back, and the firing ended at 4:30 a.m.

DONATIONS FOR ORGAN FUND UP TO \$1,514.60

Twelve more voluntary donations to the A.M.E. Zion church Organ Fund raised total contributions to \$1,514.60 this morning, although the goal was oversubscribed over the week-end, and announced on Monday.

The new organ will be purchased and delivered to the local church for use at Easter Sunday morning's worship service.

Because the donations have been so generous those in charge of the drive have decided, after a conference with the pastor, Rev. J. O. Fountain, to build a small platform upon which to place the new organ. Local music directors suggested this improvement.

Also, the interior of the church will be repainted before Easter. All of these things are being done in the name of the many persons, church groups and others who donated to the fund.

New Donations
Today's donors include the following: A friend, Gettysburg, \$15; Herbert W. "Shep" Roger, Emmitsburg; a friend, Gettysburg, and "The Spirit of Gettysburg," each \$10; boiler room employees of the C. H. Musselman company, Biglerville, \$7.57; anonymous, Charles L. Gentzler, East Berlin; Hershey's Men's store, Attorney and Mrs. Donald M. Swope, anonymous, Gettysburg, and Robert L. Enty, Templeton, Pa., each \$5; Ruth McIlhenny, \$2.

The \$3 donation for Trinity Bender's Reformed church, Biglerville, announced on Monday was paid by N. Blanche Deatrick, Biglerville.

Mr. and Mrs. David Clapsaddle donated to the fund and not Mr. and Mrs. Daniel Clapsaddle.

The Gettysburg National bank's donation was previously reported under the name of Charles W. Ogden.

TRADE SECRET, SAYS FAIN OF HITTING MARK

By JOE REICHLER

West Palm Beach, Fla., March 18 (AP) — Ferris (Cocky) Fain, fearless first baseman of the Philadelphia Athletics, guiped his coffee and chuckled aloud:

"If I had realized it was going to feel so good, I would have started hitting like that much sooner."

Fain referred to his batting mark of 344 last season. Not only did that lead the American League, but it marked the first time he had ever topped 300. His best previous mark in four campaigns with the A's was 291 in 1947.

The league batting title meant a sizable boost in salary for 1952 — from \$17,000 to \$23,000. It also was directly responsible for some extra cash and prestige in endorsements, royalties and personal appearances.

How could Fain, better known for his cleverness and adroitness around the bag than for his ability at the plate, account for his sudden batting prowess? What is his secret?

Hopes To Repeat

"That's right," Ferris acknowledged. "It is a secret — a trade secret. I learned something about hitting last year that I didn't know before. I am going to apply the same technique this year and hope it works out as well. It has nothing to do with a new stance, a new bat or anything like that."

Being moved up to second spot in the batting order also helped, Fain said. He went from 282 to 344.

"Until last year I was batting third, fourth and fifth," Ferris explained. "I was expected to provide the long ball, hit the home runs, drive in the runs. I simply am not that kind of a hitter. I'll hit a home run occasionally, but I'm just not big enough, nor do I have the power to hit the ball out of the park with any degree of consistency. I believe I was hurting the club as well as myself batting in and around the cleanup spot."

"Last year though, with the coming of big Gus Zernial, Dykes (Manager Jimmy Dykes) was in position to take me out of the cleanup spot. I therefore could do what I wanted . . . get on base . . . go for the average . . . move a runner in scoring position . . . or drive him in from second or third with a single."

SMALL TOWNERS ARE FAVORITES

Harrisburg, March 18 (AP) — The boys from the small towns are favored over their city cousins tonight in three Class A Inter-District battles in the PIAA Basketball eliminations.

The night's card offers Catasauqua (District 11) vs. Reading (2) at the Hershey arena, Swoyersville (2) vs. Williamsport (4) at Kingston armory and Meadville (10) vs. Pittsburgh Westinghouse (8) at the Pitt field house in Pittsburgh.

Westmont (6) meets Somerset (5) tomorrow at Johnstown to complete the preliminary regional round.

The amazing giant killers from Catasauqua, population 4,600, and Swoyersville, population 9,000, are decided favorites in the east while Meadville is a slight choice over Westinghouse.

The Rough Riders from Catasauqua gained statewide notice Saturday when they eliminated Bethlehem's East Penn Conference champions, 56-52. The victory was their 12th straight and 22nd of 25 this year. The losses were to Allentown, Bethlehem and Whitehall. Catasauqua, with four starters over six feet, has been scoring an average of 73 points per game in winning the Lehigh Valley league crown.

Reading, on the other hand, has six losses in 26 games, including two each to Allentown and Bethlehem. The Red Knights clicked at the rate of 53.7 points per game in winning the Central Penn Conference title. They, too, will floor a tall quintet.

"Cerr's arm is good, good enough to play center field in the Yankee stadium," said Weiss today.

St. Petersburg, Fla., March 18 (AP)

— Irv Noren, Washington Senators' outfielder who has attracted the trading eye of the New York Yankees, strutted his stuff yesterday.

The Yanks won an 8-5 exhibition game here from the Senators. But Noren lofted a triple that drove in one run and set up another. The hit traveled 400 feet to right center-field.

Pasadena, Calif., March 18 (AP)

— Perhaps the Cleveland Indians made a mistake in discarding Satchel Paige like a broken bat a few years ago.

Now with the St. Louis Browns, Satch is proving he still can fling skillfully for three innings. He pulled one boner at the start yesterday at Burbank, letting Al Rosen hit a homer that put the Indians into a 7-7 seventh inning tie.

Kicking the rosin bag a few times, Paige then: Fanned Jim Hegan to retire Cleveland in the seventh, fanned Bob Kennedy to stop the Indians in the eighth, and ended the game by fanning Jim Fridley.

West Palm Beach, Fla., March 18

(AP) — The Philadelphia Athletics are scheduled to play the Brooklyn Dodgers here today. The A's are wondering whether the Dodgers first or second string will show up.

The two teams were slated to play yesterday at Vero Beach, Fla. When game time arrived, Manager Chuck Dressen of the Dodgers found his opponents were the Athletics "B" squad.

So Dressen said he intends to field a Dodger second-string aggregation today.

Clearwater, Fla., March 18 (AP)

— The in-again-out-again Philadelphia Phillies are still looking for the combination that will create a resemblance to their 1950 pennant winners.

After taking two games in a row over the week-end the Phillies fell apart at the seams yesterday, committing seven errors and losing a 5-1 lead. The St. Louis Cardinals edged them in a 10-inning contest, 6-5.

San Bernardino, Calif., March 18

(AP) — The Pittsburgh Pirates play host to the National league pennant-winning New York Giants in an exhibition today but the Pirates will be without the services of home run slugger Ralph Kiner.

Kiner and pitcher Murry Dickson, the Bucs' 20 game winner, will play in a benefit game at Hollywood.

SAWYER'S FIRM CAMP PROGRAM BRINGS RESULTS

Clearwater, Fla., March 18 (AP)

According to reports going out of this quiet resort town on Florida's west coast, Manager Eddie Sawyer of the Philadelphia Phillies is making Simon Legree look like a sissy, but it's bringing results.

Take the case of rookie pitcher Steve Ridzik, the most promising recruit in camp. He was 15 minutes late for bed one night. When young Steve arrived at the ball park the next day, a summons to appear before the skipper awaited him.

"You came in at 12:15 (a.m.) last night, didn't you?" Sawyer asked the pitcher.

"I was only a few minutes late, skipper," the kid explained.

"When I say 12 o'clock, I don't mean 12:01," Sawyer rapped. "Now pitch batting practice until I tell you to stop."

Ridzik walked out to the mound and cut loose with a vicious fast ball. He had good hitters moving away from the plate. Sawyer watched with amusement.

Ridzik Shows Form

"He wasn't angry at the batters," Eddie said. "He was angry at me, but he showed me the kind of pitching the scouts and the minor league managers said he was capable of."

Club President Bob Carpenter is backing his manager 100 percent. In fact, Carpenter does a little needling on his own hook. Sawyer was sore at first baseman Eddie Waitkus for clowning in B squad games.

"I'm going to talk to him," Carpenter said.

So for 45 minutes, the club owner had Waitkus in his hotel suite on the receiving end of some bitter criticism.

Waitkus didn't like being left behind to play with the B squad so he took things easy. Carpenter feels he's too good a player to take that attitude. He told Eddie that and a few other things. Back as regular first baseman, Waitkus has been looking great defensively and he's

been hitting the ball well.

Sawyer is determined that his 1952 spring training austerity program will be carried through to the limit. He feels that no wives, no automobiles, no dog races and all baseball will make the dull 1951 fifth-place Phillies pennant winners or at least a first division entry in 1952.

Washington, March 18 (AP) — A new army policy will release three months ahead of time all soldiers on involuntary active duty who have been rotated home from Korea.

Army Secretary Pace, in announcing the policy yesterday, said it applies to officers, warrant officers and enlisted men already returned from Korea on rotation. They must have served there for "any period" after hostilities broke out in June, 1950.

COUNTY LEAGUE MAKES AWARDS TO CHAMPIONS

Approximately 45 persons, representing all member schools, attended the regular spring dinner-meeting of the Adams County Scholastic league at Allenberry Inn, Boiling Springs, Monday evening.

President Jack Taylor, East Berlin, presided.

Trophies earned by champions of the basketball divisions were awarded as follows: Biglerville girls, accepted by Charles Yost; East Berlin boys, accepted by Coach Ellis Divinye; traveling trophy, also awarded to East Berlin.

A plaque for the best sportsmanship shown during the season was awarded to Littlestown which was accepted by Paul King.

It was announced that the Littlestown junior varsity has been recognized as champions of the jayvee boys' division.

Award Gold Balls

The league voted to award gold balls to individuals on the championship Biglerville girls' team and East Berlin boys' team. The awards were made effective for the past season.

A basketball schedule similar to that followed during the past campaign was drawn up for next season. One change was made, Fairfield and Littlestown being permitted to play junior high games as preliminary affairs on Tuesday evenings. The girls will follow the former policy of playing the preliminary contests on Friday nights.

Saturday, May 3, was set as the tentative date for the Track and Field Day at Biglerville. The following committee was named to map out the program: Frank Basehoar, Littlestown, chairman; Ira Kerr, Fairfield; Mrs. Ira Kerr, New Oxford; Ronald Nine, East Berlin; Hobart Berschoff, Biglerville; and Mrs. Fushel, Boiling Springs.

Sports Roundup

By GAYLE TALBOT

Los Angeles, March 18 (AP) — In view of the weather around these parts the question of whether the tag leaguers will be able to make out a '53 exhibition schedule at today's meeting which appears to be purely academic.

The Cleveland Indians have been wandering around the coast for days, getting in a game only now and then between the ah, showers. They estimated they had lost over \$7,000 in potential exhibition receipts by the time they dropped in here yesterday and wrung out their uniforms.

A report that seals were seen sporting between Hollywood and the downtown district proved to be without foundation.

The Giants have moved over from Arizona for a quick rifle up the coast to San Francisco, and Manager Leo Durocher will have the same problem he had when he opened

moving place which gutted four buildings here and partly destroyed another. Milton Fire Chief Kenneth Sawyer estimated damage at above \$250,000. No one was hurt but three firemen were overcome by smoke and treated on the scene.

camp three weeks ago—filing Eddie Stankey's shoes at second base and at lead-off in the batting order.

Davey Williams is fielding beautifully but he still can't hit. Bobby Hofman, an "almost" big leaguer the past three years, might beat the cubs boy out, or at least spit the job with him.

Whitey Lockman is trying manfully to take Stankey's No. 1 spot in the line-up, but he has been slow finding his batting eye. Leo plans to give Hank Thompson, his negro third baseman, a shot at the second base chore soon. Hank doesn't much like the idea.

Tommy Byrne, whom the Yanks finally passed on to the St. Louis Browns last season because his lack of control gave Manager Casey Stengel kumdey stones, is a happy athlete at the prospect of steady work and feels this is the year he will live up to every promise.

"If I don't do it this time, I never will," mused the handsome left-hander. "I honestly think I'm going to have a big year. My control seems sharper than it ever did before at this time and my fast ball is moving around."

Tommy is 32 now, and he has been nearly 12 years since the Yanks pulled him off the Wake Forest campus and started him up through their chain. His best seasons in the big show were '49 and '50, in each of which he won 15 games while working only spasmodically. In '49 he gave up only 125 hits in 196 innings, but he issued 179 walks.

Key Egyptians Are Placed Under Arrest

Cairo, Egypt, March 18 (AP)—Faud Serag El Din Pasha and Abdel Fattah Hassan Pasha, key men in the ousted Wafdist party cabinet, were arrested early today and whisked away to villages in northern Egypt.

Serag El Din, party strong man, was interior and finance minister in the regime of Premier Mustapha El Nahas Pasha. Hassan was social affairs minister. No charges were filed against them immediately.

Egypt's prosecutor gen., however, recently accused Serag El Din—whose interior ministry controlled the police—of "administrative responsibility" for the disastrous fire riots of January 26 which took 67 lives and caused millions of dollars worth of property damage. Hassan has been accused by anti-Wafdistists of making a speech which "excited the population" the day of the riots.

Omaha, March 18 (AP)—Nebraskans favoring the nomination of Sen. Robert A. Taft (R.-Ohio) for president dominate the slate of 66 candidates for the state's 18 seats at the Republican national convention, as Associated Press survey indicated today.

Would-be delegates were asked to state their first choice as presidential nominee in a poll completed in large part before last week's New Hampshire primary, in which Gen. Dwight Eisenhower was a winner over Taft.

TRADE SECRET, SAYS FAIN OF HITTING MARK

By JOE REICHER

West Palm Beach, Fla., March 18 (AP)—Fain (Cocky) Fain, fearless first baseman of the Philadelphia Athletics, gulped his coffee and chuckled aloud:

"If I had realized it was going to feel so good, I would have started hitting like that much sooner."

Fain referred to his batting mark of 344 last season. Not only did that lead the American league, but it marked the first time he had ever topped 300. His best previous mark in four campaigns with the A's was 291 in 1947.

The league batting title meant a sizable boost in salary for 1952—from \$17,000 to \$25,000. It also was directly responsible for some extra cash and prestige in endorsements, royalties and personal appearances.

How could Fain, better known for his cleverness and adroitness around the bag than for his ability at the plate, account for his sudden batting prowess? What is his secret?

Hopes To Repeat

"That's right," Fain acknowledged. "It is a secret—a trade secret. I learned something about hitting last year that I didn't know before. I am going to apply the same technique this year and hope it works out as well. It has nothing to do with a new stance, a new bat or anything like that."

Being moved up to second spot in the batting order also helped, Fain said. He went from 282 to 344.

"Until last year I was batting third, fourth and fifth," Fain explained. "I was expected to provide the long ball, hit the home runs, drive in the runs. I simply am not that kind of a hitter. I'll hit a home run occasionally, but I'm just not big enough, nor do I have the power to hit the ball out of the park with any degree of consistency. I believe I was hurting the club as well as myself batting in and around the cleanup spot."

"Last year though, with the coming of big Gus Zernial, Dykes (Manager Jimmy Dykes) was in position to take me out of the cleanup spot. I therefore could do what I wanted... get on base... go for the average... move a runner in scoring position... or drive him in from second or third with a single."

SMALL TOWNERS ARE FAVORITES

Harrisburg, March 18 (AP)—The boys from the small towns are favored over their city cousins tonight in three Class A Inter-District battles in the PIAA Basketball eliminations.

The night's card offers Catawqua (District 11) vs. Reading (2) at the Hershey arena, Swoyersville (2) vs. Williamsport (4) at Kingston armory and Meadville (10) vs. Pittsburgh Westinghouse (8) at the Pitt field house in Pittsburgh.

Westmont (6) meets Somerset (5) tomorrow at Johnstown to complete the preliminary regional round.

The amazing giant killers from Catawqua, population 4,600, and Swoyersville, population 9,000, are decided favorites in the east while Meadville is a slight choice over Westinghouse.

The Rough Riders from Catawqua gained statewide notice Saturday when they eliminated Bethlehem's East Penn Conference champions, 56-52. The victory was their 12th straight and 22nd of 25 this year. The losses were to Allentown, Bethlehem and Whitehall. Catawqua, with four starters over six feet, has been scoring an average of 73 points per game in winning the Lehigh Valley league crown.

Reading, on the other hand, has six losses in 26 games, including two each to Allentown and Bethlehem. The Red Knights clicked at the rate of 53.7 points per game in winning the Central Penn Conference title. They, too, will floor a tall quintet.

Wherever you look, whatever you touch, details so small you'd never think of them yourself—all have been painstakingly improved by designers to whom nothing can be trivial.

On the road: a new kind of high-compres-

sion power for fine cars—more power than you may ever need—smooth, spirited high-compression energy from Lincoln's completely new, 1952 overhead valve V-8 engine, teamed with HYDRA-MATIC Transmission, now standard equipment. In traffic: a realistic approach to fine car motoring... nimble, easy to park, surprisingly compact for all its roominess. At all times: a completely new front-wheel suspension, never before used on an American production car, makes steering seem almost automatic.

This is the one fine car deliberately designed for modern living. See how much more Lincoln offers in 1952, at our showroom now.

FIFTY YEARS AGO

Local Miscellany: The spring term of Miss Luella McAllister's private school will open March 31st.

J. Edward Reiling has begun work on the foundation for his new warehouse on Water street.

John Rosensteel is having a large dancing floor constructed on the east side of his residence at Round Top.

Soap from the Gettysburg factory is now being sold by our grocery-men. It is said to be very good.

Marriages: March 11th, at Littlestown, by Rev. P. S. Lindaman, Howard A. Snyder to Miss Stella S. C. Collins, both of Mountjoy township.

Snyder-Wolf: March 16, at York Springs, by Rev. Frank Heilmann, Harry E. Snyder, of York Springs, to Miss Ida J. Wolf, of Bowlicker.

Trostle-Miller: March 19th, at Littlestown, by Rev. L. A. Mann, Charles D. Trostle to Miss Cora Rosella Miller, both of Mountjoy township.

Patterson-Snyder: March 16, in this place, by Rev. Dr. T. J. Barkley, Mervin C. Patterson to Miss Annie K. Snyder, both of Mountjoy township.

Strayer-Starry: March 13, at York Springs, by Rev. J. Frank Heilmann, Elmer S. Strayer, of Franklin township, York county, to Miss Beulah E. Starry, of Latimore township.

Fire: The livery stable owned and occupied by William Spalding and situated along the alley in rear of Chambersburg street, and formerly known as the McCleary stable, was destroyed by fire about 3 o'clock Sunday morning. The building is a complete loss, together with six tons of hay, a number of good blankets and other personal property. Mr. Spalding had 16 head of horses and mules in the stable, as were also a number of carriages, buggies, etc.

The origin of the fire is supposed to have been in the hay-mow and it made rapid progress. It was discovered by watchman Noel and Policeman McDannel, who gave the alarm of fire about 2:45 o'clock, and although in the dead of the night, the Fire Company responded promptly and did excellent work.

The Company is certainly to be congratulated on confining the flames to the one stable, as the fire had gained considerable headway before the alarm was sounded.

The Spalding's loss on personal property is about \$100 (no insurance) on building, \$500. The building was insured for \$450 in the Phoenix, of Hartford, H. C. Picking, agent.

The Gettysburg Guards: The young men of this vicinity, who signed the application for admission to the National Guard of Pennsylvania in the Engine House on Monday evening. The object of the meeting was to effect a civic organization so that the authorities in Harrisburg could see that Gettysburg was really in earnest in the movement.

"The Gettysburg Guards" was the name decided upon. Jim D. Keith was elected President; Lee Stall-smith, vice president; N. C. Barbo-henn, secretary; W. D. Gilbert, treasurer.

A delegation, composed of Representatives Gartin and McPherson, Hon. Chas. Muller, of Mt. Holly Springs, and Wm. F. D. E. called on the Governor and Adjutant General Tuesday for the purpose of ascertaining whether a company can be placed in Gettysburg.

"The Gettysburgians": The Gettysburgians, a musical extravaganza by R. Wade Davis, was produced by home talent—251 in the cast—for the benefit of the Grand Army bursary in which so much interest has Saturday evenings, with special matinee Saturday afternoon.

There probably has never been an entertainment rendered in Gettysburg in which so much interest has been manifest. The singing was good, the tableaux beautiful, pleasing military marches and handsome and comic costumes all combined to make the entertainment pleasing. No little credit is due to Charles

Today's Talk

By GEORGE MATTHEW ADAMS

A BELOVED EXECUTIVE

In a book of quotations I came upon this one by John Lee Mahin: "No man," said he, "will ever be a big executive who feels that he must, either openly or under cover, follow every order he gives and see that it is done—nor will he ever develop a capable assistant."

The man who said that was my first boss. He hired me for \$6 a week. I often worked 10 and 12 hours a day for him. In less than six months I was given \$15 a week and placed at the head of a department. Mahin was a big man, and although he was only 32 years of age at that time, he had an advertising business that ran much over a million dollars a year in total business. Outside of practicing what he preached, he was a great salesman—the greatest with whom I have ever come in contact. I learned things from him that have been invaluable to me in my own business that has lasted longer than his own, for he retired and died several years ago.

Mahin was the product of a small mid-western town. He went to Chicago and worked on the Chicago Daily News, then started his own agency in advertising and was a great success. I recall how he would return from New York with his portfolio filled with orders. When he sold a bill of goods he would stand erect, with his blue eyes centered upon an advertiser, and his better than six feet of height would be a thing to behold, for sincerity and conviction were in everything he said.

John Lee Mahin was the first to bring out the idea of psychology in advertising and engaged Walter Dill Scott, a professor at Northwestern university, to write a series of articles along this line that created national attention. Later Scott became the president of this great Northwestern college. Though John Lee Mahin died many years ago his ideas and personality are a remembered asset to many, including this writer. Many were those who went out from the Mahin organization who in turn became fine executives and successful men. The good and inspiring things of a man live on and on.

GRAVEDIGGER WROTE THREATS TO SCHUSTER

New York, March 18 (AP) — An elderly gravedigger was held today as the anonymous writer of a threatening letter to slay Arnold Schuster, whose tip led police to bank robber Willie Sutton.

The gravedigger was to be arraigned at about the same time today that Sutton was put on trial for a 1950 holdup.

Schuster, 24-year-old Brooklyn clothing salesman, was killed near his home March 8 just a month ago, on February 18, Schuster had spotted the nation's ace bank robber and prison escape artist on a subway train.

Admits Letter
The FBI arrested the gravedigger, William Brunkerhoff Brown, 61, of New York, last night and said he admitted writing Schuster on February 22 that "your days are numbered for being a squealer on Willie Sutton."

Schuster received about a dozen threats before he was shot.

FBI agents refused to answer newsmen's question on certain aspects of the case — what Brown's motive in writing Schuster might have been, whether the gravedigger was questioned about the murder and how the FBI traced him. However, he was reported to have denied killing Schuster.

Brown was charged with violating the federal extortion statute and held for arraignment in Brooklyn.

Sutton Trial
In the neighboring borough of Queens, Sutton and two of his alleged accomplices were due to enter a heavily guarded courtroom for their trial on charges of holding up a branch of the Manufacturers Trust company for \$64,000.

Special security measures include screening all who enter county Judge Peter T. Farrell's court. Guards will be provided for each juror selected. Squads of police and extra detectives will be in and around the building.

Co-defendants with the 51-year-old Sutton are Thomas Kling, 45, and John De Venuta, 37. Their arrests followed Sutton's by a few days.

London, March 18 (AP) — A joint commission to work out a real Anglo-American partnership in atomic research was urged Monday by Dr. James B. Conant, president of Harvard university.

Conant, chairman of the U.S. National Defense Research commission during World War II, said all the nations of the world have entered "the valley of the shadow" since Russia exploded its first atom bomb in 1949.

Troster-Miller: March 19th, at Littlestown, by Rev. L. A. Mann, Charles D. Troster to Miss Cora Rosella Miller, both of Mountjoy township.

Snyder-Wolf: March 16, at York Springs, by Rev. Frank Hellman, Harry E. Snyder, of York Springs, to Miss Ida J. Wolf, of Bowdler.

Patterson-Snyder: March 16, in this place, by Rev. Dr. T. J. Barkley, Mervin C. Patterson to Miss Annie K. Snyder, both of Mountjoy township.

Strayer-Starry: March 13, at York Springs, by Rev. J. Frank Hellman, Elmer S. Strayer, of Franklin township, York county, to Miss Beulah E. Starry, of Latimore township.

Fire: The livery stable owned and occupied by William Spalding and situated along the alley in rear of Chambersburg street, and formerly known as the McCleary stable, was destroyed by fire about 3 o'clock Sunday morning. The building is a complete loss, together with six tons of hay, a number of good blankets and other personal property. Mr. Spalding had 16 head of horses and mules in the stable, as were also a number of carriages, buggies, &c.

The origin of the fire is supposed to have been in the hay-mow and it made rapid progress. It was discovered by watchman Noel and Policeman McDannel, who gave the alarm of fire about 2:45 o'clock, and although in the dead of the night, the Fire Company responded promptly and did excellent work.

The Company is certainly to be congratulated on confining the flames to the one stable, as the fire had gained considerable headway before the alarm was sounded.

The Spalding's loss on personal property is about \$100 (no insurance); on building, \$500. The building was insured for \$450 in the Phoenix, of Hartford, H. C. Pickling, agent.

The Gettysburg Guards: The young men of this vicinity, who signed the application for admission to the National Guard of Pennsylvania, met in the Engine House on Monday evening. The object of the meeting was to effect a civic organization so that the authorities in Harrisburg could see that Gettysburg was really in earnest in the movement.

"The Gettysburg Guards" was the name decided upon. Jno. D. Keith was elected president; Lee Stallsmith, vice president; N. C. Barbehenn, secretary; W. D. Gilbert, treasurer.

A delegation, composed of Representatives Garvin and McPherson, Hon. Chas. Mullen, of Mt. Holly Springs, and Wm. F. Dill, Esq., called on the Governor and Adjutant General Tuesday for the purpose of ascertaining whether a company can be placed in Gettysburg.

"The Gettysburgians": "The Gettysburgians," a musical extravaganza by R. Wade Davis, was produced by home talent—251 in the cast—for the benefit of the Grand Army burgh in which so much interest has Saturday evenings, with special matinee Saturday afternoon.

There probably has never been an entertainment rendered in Gettysburg in which so much interest has been manifest. The singing was good, the tableaux beautiful, pleasing military marches and handsome and comic costumes all combined to make the entertainments pleasing.

No little credit is due to Charles

A BELOVED EXECUTIVE

In a book of quotations I came upon this one by John Lee Mahin: "No man," said he, "will ever be a big executive who feels that he must, either openly or under cover, follow every order he gives and see that it is done—nor will he ever develop a capable assistant."

The man who said that was my first boss. He hired me for \$6 a week. I often worked 10 and 12 hours a day for him. In less than six months I was given \$15 a week and placed at the head of a department. Mahin was a big man, and although he was only 32 years of age at that time, he had an advertising business that ran much over a million dollars a year in total business. Outside of practicing what he preached, he was a great salesman—the greatest with whom I have ever come in contact. I learned things from him that have been invaluable to me in my own business that has lasted longer than his own, for he retired and died several years ago.

Mahin was the product of a small mid-western town. He went to Chicago and worked on the Chicago Daily News, then started his own agency in advertising and was a great success. I recall how he would return from New York with his portfolio filled with orders. When he sold a bill of goods he would stand erect, with his blue eyes centered upon an advertiser, and his better than six feet of height would be a thing to behold, for sincerity and conviction were in everything he said.

John Lee Mahin was the first to bring out the idea of psychology in advertising and engaged Walter Dill Scott, a professor at Northwestern university, to write a series of articles along this line that created national attention. Later Scott became the president of this great Northwestern college. Though John Lee Mahin died many years ago his ideas and personality are a remembered asset to many, including this writer. Many were those who went out from the Mahin organization who in turn became fine executives and successful men. The good and inspiring things of a man live on and on.

GIRL SCOUT COOKIES
I've been a willing patron of the Girl Scout cookie drive—

One box for thirty-five cents, and for three, a dollar, five.

And if a prize were offered, I believe that I could boast Possession of a trophy for the one who bought the most.

I may be old and foolish, but when little girls I see In the uniform of freedom I am proud as I can be.

When they said: "We're selling cookies. You can pay when they arrive."

I promptly took three boxes and dug up the dollar, five.

Now I've cookies in the carton and I've cookies in the jar.

I have stuffed myself with cookies, and I'll say that nice they are.

But I'm sure I'll still have cookies—if I manage to survive—

When the Girl Scouts of the nation start their next year's cookie drive.

GRAVEDIGGER WROTE THREATS TO SCHUSTER

New York, March 18 (AP)—An elderly gravedigger was held today as the anonymous writer of a threatening letter to slay Arnold Schuster, whose tip led police to bank robber Willie Sutton.

The gravedigger was to be arraigned at about the same time today that Sutton was put on trial for a 1950 holdup.

Schuster, 24-year-old Brooklyn clothing salesman, was killed near his home March 8. Just a month ago, on February 18, Schuster had spotted the nation's ace bank robber and prison escape artist on a subway train.

The FBI arrested the gravedigger, William Brinkerhoff Brown, 61, of New York, last night and said he admitted writing Schuster on February 22 that "your days are numbered for being a squealer on Willie Sutton."

Schuster received about a dozen threats before he was shot.

FBI agents refused to answer newsmen's question on certain aspects of the case—what Brown's motive in writing Schuster might have been, whether the gravedigger was questioned about the murder and how the FBI traced him. However, he was reported to have denied killing Schuster.

Brown was charged with violating the federal extortion statute and held for arraignment in Brooklyn.

Sutton Trial
In the neighboring borough of Queens, Sutton and two of his alleged accomplices were due to enter a heavily guarded courtroom for their trial on charges of holding up a branch of the Manufacturers Trust company for \$64,000.

Special security measures include screening all who enter county Judge Peter T. Farrell's court. Guards will be provided for each juror selected. Squads of police and extra detectives will be in and around the building.

Co-defendants with the 51-year-old Sutton are Thomas Kling, 45, and John De Venuta, 37. Their arrests followed Sutton's by a few days.

London, March 18 (AP)—A joint commission to work out a real Anglo-American partnership in atomic research was urged Monday by Dr. James B. Conant, president of Harvard university.

Conant, chairman of the U.S. National Defense Research commission during World War II, said all the nations of the world have entered "the valley of the shadow" since Russia exploded its first atom bomb in 1949.

BIOGRAPHY OF TRUMAN GOES ON SALE TODAY

By ED CRAFT

Washington, March 18 (AP)—Harry S. Truman, in his own words, is a sentimental little man who sometimes looks like the White House has turned him into a "two-headed calf" in the eyes of the American people.

Truman believes there is no responsibility in a democracy. But it is a duty to turn over to someone else the job he regards as the hardest in the world.

The President doesn't say, although he makes this comment on politicians in general—and he is proud to call himself a politician.

"They never get out until they die or are kicked out."

Unprecedented and Uncritical

A big \$5 book full of these and thousands of other unheated and unheated words of the 33rd President will be on sale today. The title: "Mr. President."

William H. Hall, national broadcast system commentator, is listed as the author. But some 65,000 of the 300-odd words are those of Harry Truman himself. They are from his leather-bound diaries, his private memos, his correspondence, his sometimes startlingly frank conversations.

This unprecedented and uncritical book will show the mind and activities of a President still in the White House, but doing other things than "Mr. President."

Feared World War III

Truman has said since he took office, Truman has feared World War III was on the verge of breaking out.

As early as January, 1948, Truman declared he was tired of "babbling the Soviets"—saying so in a scorching memo that rapped the knuckles of James P. Byrnes, then secretary of state, for keeping him in "the dark on foreign policy developments."

He welcomed the nomination of Thomas E. Dewey for president by the Republicans in 1948 because he felt Dewey had nothing to offer the voters except a "warmed-over" platform.

And he viewed one of his own cabinet members—Henry A. Wallace, whom he fired—as a "dreamer" more dangerous to the country than the old German-American Bund.

Bradley Is Greatest

This 233-page book, a best-seller even on the basis of pre-publication orders, adds up to a campaign document that the Democrats can use whether Truman seeks re-election or not.

For all its wealth of personal information about Truman, before and after he went into politics at the behest of the Fendegast organization in Kansas City, it is significant for what it leaves out as well as for what it contains.

Among the noteworthy omissions: There are only fleeting and non-committal references to Gen. Dwight D. Eisenhower; after World War II, Truman praised Eisenhower to the skies and promised to help him get anything he wanted—including the presidency in 1948; now, in 1952, Eisenhower is in the running for the Republican presidential nomination although not personally an active candidate.

And Truman, in the new book, does not mention Eisenhower on his list of the "greatest general" while saying Gen. Omar N. Bradley, chairman of the joint chiefs of staff, "kicks them all."

Betty Hutton Weds Dance Director

Las Vegas, Nev., March 18 (AP)—

Actress Betty Hutton and movie dance director Charles O'Curran were married today in a surprise elopement. District Judge Frank McNamee said he married the couple in a hotel chapel but he gave no other details. He said he didn't know whether they were staying in Las Vegas or leaving on a honeymoon.

When the couple obtained a marriage license Miss Hutton gave her name as Betty Thornburg Briskin.

Her original family name was Betty Jane Thornburg.

The actress, who is 31, obtained a final decree of divorce in Los Angeles last January 24 from Ted Briskin, Chicago and Hollywood camera manufacturer. They had split several times but reconciled, then went through with the divorce. They have two children, Lindsay, 5, and Candice, 3.

Key West, Fla., March 18 (AP)—President Truman and Democratic National committee Chairman Frank E. McKinney met here this week for talks which may influence

Truman's decision whether to seek re-election. The exact date of the meeting has not been announced.

It will be the first talks the two have had since the New Hampshire

presidential primary in which McKinney suggested Truman should be a candidate. The President took a surprise beating at the hands of Tennessee's Sen. Kefauver.

To the homeowner with a hot water problem

Here's why an ELECTRIC Water Heater gives greatest satisfaction

1. Peak Efficiency

There's no flue to dissipate half the heat you pay for. After 3 days—without reheating—water would still be hot enough for baths, showers, laundry—because complete insulation on sides, top and bottom holds the heat inside.

2. Real Economy

All the heat goes into the water and stays there, because of the complete insulation, impossible in other types. Since no flue is necessary, place the unit nearest the point of greatest use—save the heat that's usually wasted in long pipe runs.

3. Utmost Convenience

It's completely automatic and trouble free—needs no annual service calls for cleaning and replacement of parts. And there's an uninterrupted supply of hot water at the turn of a faucet.

4. Complete Safety

Your electric water heater, with its complete insulation, stays cool to

the touch... there are no fumes—no flame—so it may be placed anywhere with complete safety—even right in your kitchen.

5. Absolute Cleanliness

No need to hide your electric water heater in the basement. Since there's no flame, there's no unburned carbon to make extra dirt. Clean electric heat leaves everything spotless!

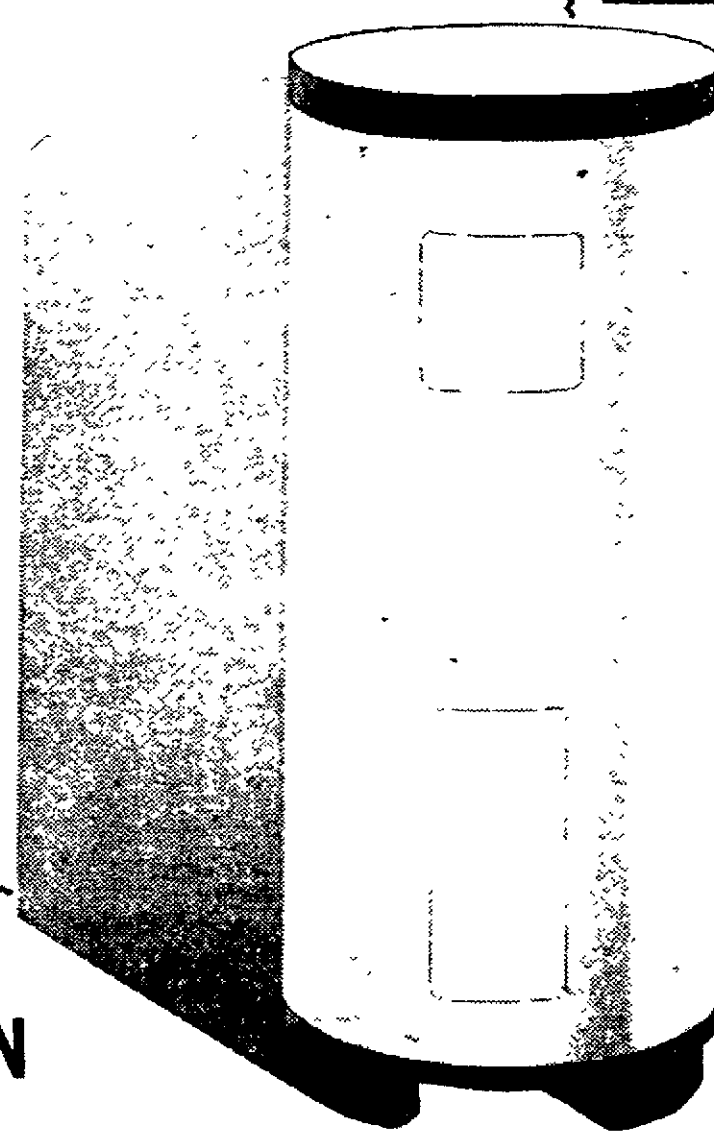

Low in Price—High in Efficiency
Unmatched in Performance

An automatic ELECTRIC WATER HEATER costs no more to buy than other types of equal size and quality. Operating costs are low—you use every bit of heat you pay for. With the advantages offered—cleanliness, convenience, safety—the logical purchase for your home is a fully automatic ELECTRIC WATER HEATER.

Actress Betty Hutton and movie dance director Charles O'Curran were married today in a surprise elopement. District Judge Frank McNamara said he married the couple in a hotel chapel but he gave no other details. He said he didn't know whether they were staying in Las Vegas or leaving on a honeymoon.

When the couple obtained a marriage license Miss Hutton gave her name as Betty Thornburg Briskin.

Her original family name was Betty June Thornburg.

The actress, who is 31, obtained a final decree of divorce in Los Angeles last January 24 from Ted Briskin, Chicago and Hollywood camera manufacturer. They had split several times but reconciled, then went through with the divorce. They have two children, Lindsay, 5, and Candice, 3.

Key West, Fla., March 18 (AP)— President Truman and Democratic National Committee Chairman Frank E. McKinney meet here this week for talks which may influence

Truman's decision whether to seek re-election. The exact date of the meeting has not been announced. It will be the first talks the two have had since the New Hampshire

presidential primary in which McKinney suggested Truman should be a candidate. The President took a surprise beating at the hands of Tennessee's Sen. Kefauver.

To the homeowner with a hot water problem

Here's why an **ELECTRIC Water Heater** gives greatest satisfaction

1. Peak Efficiency

There's no flue to dissipate half the heat you pay for. After 3 days—without reheating—water would still be hot enough for baths, showers, laundry—because complete insulation on sides, top and bottom holds the heat inside.

2. Real Economy

All the heat goes into the water and stays there, because of the complete insulation, impossible in other types. Since no flue is necessary, place the unit nearest the point of greatest use—save the heat that's usually wasted in long pipe runs.

3. Utmost Convenience

It's completely automatic and trouble free—needs no annual service calls for cleaning and replacement of parts. And there's an uninterrupted supply of hot water at the turn of a faucet.

4. Complete Safety

Your electric water heater, with its complete insulation, stays cool to

the touch... there are no fumes—no flame—so it may be placed anywhere with complete safety—even right in your kitchen.

5. Absolute Cleanliness

No need to hide your electric water heater in the basement. Since there's no flame, there's no unburned carbon to make extra dirt. Clean electric heat leaves everything spotless!

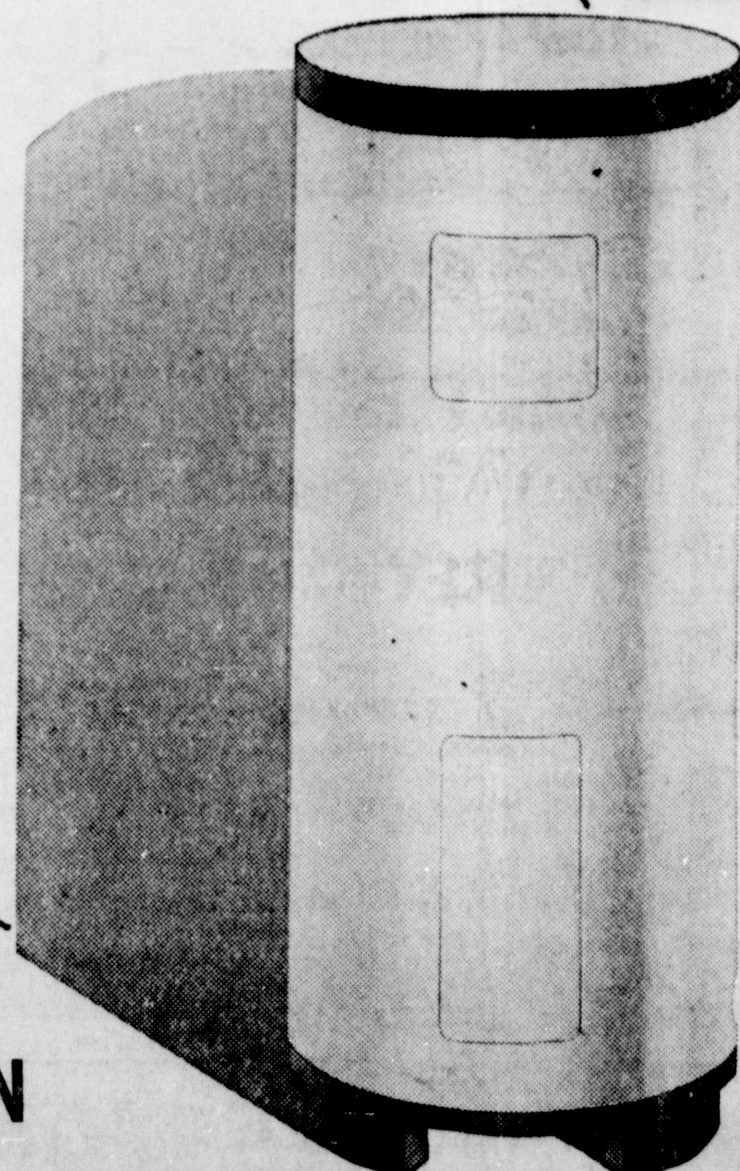

Low in Price—High in Efficiency Unmatched in Performance

An automatic ELECTRIC WATER HEATER costs no more to buy than other types of equal size and quality. Operating costs are low—you use every bit of heat you pay for. With the advantages offered—cleanliness, convenience, safety—the logical purchase for your home is a fully automatic ELECTRIC WATER HEATER.

Before you buy any water heater investigate the ELECTRIC water heater.

MORRIS FACES MORE TROUBLE IN CONGRESS

Washington, March 18 (AP)—Newbold Morris faced more trouble from irate congressmen today as he set out to ask 25,000 higher-paid government officials to list their sources of income.

The mailing of questionnaires to the 25,000 signaled the launching of Morris' widely-heralded search for corruption in the government. He called a news conference (4 p.m. EST) to unveil details of the questionnaire.

Morris has made clear that government officials receiving the quiz sheet have no choice about filling it out, short of resigning.

McCarran Calls Meeting
He said if anyone refuses to give the desired information on outside income and is not fired, he will quit himself.

President Truman has called on the entire executive branch to give Morris full cooperation.

Meanwhile, Chairman McCarran (D-Nev.) summoned his Senate Judiciary committee into closed session (2 p.m. EST) and announced he would urge it to reject Truman's request that Morris be given power to seize records and summon witnesses.

McCarran said he would vote such powers for some cleanup man appointed subject to Senate approval—and with safeguards for congressional investigative powers. McCarran contended that Morris had shown "utter disrespect" for Congress and the people who elect its members.

Resented Testimony
The Nevada senator was one of several lawmakers who expressed resentment over Morris' hot tempered testimony last week before a committee questioning him about his role in profitable ship deals and trade with Red China.

Morris accused some senators of showing "diseased minds" in their questioning and he called Sen. Mc-

Yorktowne Grocers Select Officers

The following officers were elected at the annual meeting of the stockholders of the Yorktowne Wholesale Grocery company on March 10: President, Claude P. Hivner, Windsor; vice president, R. L. Shearer, York; secretary, John L. R. Schiding, York; and assistant secretary, Guernie F. Hershey, York.

These grocers are members of the board of directors: George Beltzhoover, Carlisle; Norman E. Holland, York; R. P. Zlogar, Steelton; Clair Y. Willet, Hanover; George H. Lau, Spring Grove; William J. Klinefelter, York; Joseph C. Seitz, Hummelstown, and Clayton C. Seitz, Pelton.

The company is the purchasing agency for the Associated Grocers of Central Pennsylvania who operate A-G stores.

Bishop, Calif., March 18 (AP)—A week-end of wild weather in California had fortunateneeding Sunday night in the rescue of 33 persons whose mining camp high in the Sierra Nevada was crushed under giant snow slides.

Southern California is cleaning up after a storm that dumped as much as 4.50 inches of rain. Northern California had a breather, but is braced today for "a pretty good-sized" new storm. It is expected to hit tomorrow, with more snow and rain.

Carthy (R-Wis.) a character destroyer.

The President appointed Morris, a New York Republican, on February 1, to cleanse the government of wrongdoers. The corruption crusher has been under fire since—principally from his fellow Republicans. Sen. Jenner (R-Ind.), a Judiciary committee member, told a reporter he would back McCarran's turnaround demand.

Truman named Morris a special assistant to the attorney general, which does not require Senate confirmation.

McCarran said he plans to get Morris before the committee before Easter to say under oath whether he ever associated with any Communist front organizations.

FOX BITE CASE GOES TO COURT

Norristown, Pa., March 18 (AP)—The question of whether a 9-year-old girl, bitten on the leg by an apparently rabid fox, can be forced to submit to anti-rabies injections against the will of her parents comes from the Montgomery county juvenile court today.

Mr. and Mrs. Wayne Holmes have been ordered to appear before Judge E. Arnold Forrest after being charged with neglect of their daughter, Gwendolyn.

The girl was placed under the custody of Juvenile Detention Center authorities yesterday when Whitmarsh Township police reported her parents refused to administer the Pasteur treatment for rabies.

Assistant District Attorney Nicholas Larzelere said the girl and her mother had been attacked by a fox near their home five days ago. Shortly afterwards a fox was killed in the area and proved to be rabid. A hospital spokesman reported

Mrs. Holmes told an intern who was preparing to give the anti-rabies vaccine, "I don't believe in that sort of thing and I'll take my child to any other state to escape that."

Larzelere said that both Judge Forrest and Police Chief Edgar Mitchell visited the Holmeses in an attempt to get them to allow the child to have the treatment. They were "rebuffed," he added. The Holmeses have told authorities they do not think it necessary for their daughter to receive the treatment because the fox's teeth did not puncture her skin.

"Two-bit Fire" Costs Hundreds Of Dollars

Indianapolis, March 18 (AP)—Twelve-year-old Thaddeus Starks lost a quarter in his bedroom Monday, and his search for it cost his father several hundred dollars.

The boy lit a candle to aid in his search. His bed caught fire. Firemen confined the blaze to the room, but the father, Floyd A. Starks, said the damage amounted to several hundred dollars. The quarter is still missing.

MINISTERS OF CLASSIS MEET

The Rev. Dr. Howard Schley Fox, pastor of Trinity church, Gettysburg, was host to the Gettysburg Classis Ministerium of the Evangelical and Reformed church for the March meeting on Monday afternoon. The president, the Rev. Alton M. Leister, East Berlin, was in charge. The opening devotions were led by the Rev. Dr. Fox, with Hebrews 12 used as the Scripture lesson. The devotions were from the daily devotions of the denominational Lenten worship literature.

The business session was conducted with the following ministers in attendance: Rev. Dr. Fox, Rev. Charles B. Rebert, Rev. G. Howard Koob, Rev. Frank E. Reynolds, Rev. Arthur E. Leeming, Littlestown; Rev. Mark B. Michael, Fairfield; Rev. Archie C. Rohrbaugh, New Oxford; Rev. A. Calvin Renoll, Rev. Dr. Dallas R. Krebs, Rev. J. H. Ehlers, Rev. Howard E. Sheely, Hanover; Rev. Nevin R. Frantz, Arden; Rev. William Jay, Benderville; Rev. Edward J. Sykes and Rev. Franklin R. Glassmeyer, Spring Grove.

The Rev. Mr. Sheely asked that he be excused as the speaker for the annual classis confirmation rally on Sunday, April 20, 7:30 p.m. at Zwilling church in East Berlin. The speaker will be secured by the host pastor, the Rev. Dr. Fox announced that on Sunday, March 30, at Trinity church an area leaders' meeting to secure leaders for the summer camp at Camp Michaux will be held. The Synodical Ministers' choir has been invited to sing at the communion service at Mercersburg Synod on May 13 at the East Berlin church. A rehearsal in preparation for this appearance will be held May 8 at 8 p.m. at East Berlin. The Rev. Mark B. Michael, the new pastor of the Cashtown charge, was welcomed into the classis membership.

The paper of the day on the subject "Christian Social Action" was presented by the Rev. Mr. Sykes. The meeting closed with the benediction pronounced by the Rev. Mr. Leeming. The next session will be held Monday, April 21, 2 p.m. with the Rev. Mr. Jay, Benderville, as the host. The paper will be presented by Rev. Mr. Frantz on the subject "The Blue Book" in preparation for the meeting of Synod.

Expect Postponement Of Steel Strike

Washington, March 18 (AP)—Most of the steel industry appeared today to be betting that a steel strike threatened for midnight Sunday will be postponed.

U. S. Steel Corp., the largest producer, had expressed intention of starting to shut-down its ferromanganese operations today. But the corporation apparently reversed that stand and held off a formal shut-down announcement, saying a decision has not been reached.

Of all the large steel companies only Jones & Laughlin had any definite close down plans. J. & L. headquarters at Pittsburgh said it would start closing tomorrow because "we can't take chances."

Steelmakers must empty their furnaces of molten metal and let them cool well in advance of any walkout to avoid costly damage to steelwork.

Thursday is the day the Wage Stabilization Board (WSB) is expected to make public its recommendations for settling the steel labor dispute.

Two Killed In Leaps From Burning Plane

Dallas, March 18 (AP)—A navy marine pilot ordered 20 servicemen out of a burning transport yesterday, then stuck with the plane until it passed over a residential area in southeast Dallas.

Two of the men were killed in parachute accidents. A third was missing. None of the others suffered injuries. The known dead were identified as Lt. Cmdr. Lewis Joseph Garfield Downey, Calif., and Marine Cpl. Carl L. Ductor of Cherry Point, N. C. The navy planned a search party today to look for the missing man.

The blazing two-engine R5C crashed and exploded into thousands of pieces of junk. It hit in an open field about one fourth of a mile from a residential area.

The left engine burned itself out of the plane and smashed into a field about two miles from the crash.

Returns To Burning Home For Shoes; Dies

Moona-hie, N. J., March 18 (AP)—A 14-year-old boy raced back into his flaming home to get his shoes yesterday and was burned to death. His 74-year-old grandmother, Mrs. Sarah Cheades, had led the boy, Thomas Childress, and his three step-brothers out of the burning building.

But then, remembering his shoes, Thomas said he was going back to recover them. Mrs. Cheades later told police.

The boy was trapped by flames, eyewitnesses said. He ran to the second floor, stood at a window and screamed, "I'm burning, I'm burning." Bystanders told him to jump, but he remained at the window until he was enveloped by flames.

An overheated coal stove apparently caused the blaze, fire officials said.

To Release Fifth Of 28th Division Soon

Washington, March 18 (AP)—The Department of Defense plans to release in April about one-fifth of the enlisted men called to active duty with the 28th National Guard Division (Pa.) in September, 1950.

The Defense Department announced yesterday that an additional one-fifth will be sent home each month after that until all the original group are out of uniform.

It originally was planned to release all men after 24 months active duty but the army feels the effectiveness of the division—now in Europe—would have been endangered.

As a result, a plan was set up to release the men in smaller groups with the first release affecting men in their 20th month of active duty. Most of the officers, the army said, will have to serve the full 24 months and will not be affected by the release plan for enlisted men.

Weather Forecast

Extended forecast for the period Wednesday, March 19, through Sunday, March 23:

Eastern Pennsylvania, eastern New York and mid-Atlantic states: Temperatures somewhat above normal for the period; mild Wednesday, cooler Thursday, milder toward end of week followed by colder Sunday; precipitation Wednesday and again about Saturday; total precipitation one quarter to one half inch.

Western Pennsylvania, western New York, Ohio and West Virginia: Temperature slightly above normal for the period, becoming somewhat colder by Wednesday night; milder Friday and Saturday followed by colder Sunday; rain at beginning of period and again Friday or Saturday; total precipitation one-half to three-quarters of an inch.

Washington, March 18 (AP)—Monroe D. Dowling, named seven months ago to replace an ousted Internal Revenue collector in New York city, has been elected himself.

Revenue Commissioner John B. Dunlap yesterday announced acceptance of Dowling's resignation, by request, "in connection with an irregularity in one of his (personal) income tax returns." The action, Dunlap stressed, had nothing to do with Dowling's conduct in office.

Eisenhower for the Republican presidential nomination gave supporters of U. S. Sen. Robert A. Taft and Harold E. Stassen an almost unsurmountable obstacle to overcome.
